EXPERIENCE

Math Tutor

Self-Employed

August 2022 - May 2023

- Provided in-depth tutoring for middle and high school students, improving grades by 1-2 letter grades.
- Developed personalized learning plans and explained complex algebra and geometry concepts clearly.

LilacJewelryCo

Etsy Shop Owner

May 2020 - August 2023

- Founded and managed a successful Etsy shop, completing over 200 orders within the first six months.
- Enhanced customer satisfaction by delivering excellent customer service and strategic social media marketing while managing finances and operations.
- Donated 20% of the revenue to Khalsa Aid, supporting humanitarian aid to multiple countries across Asia and Africa.

LEADERSHIP AND ACTIVITIES

Vice President, Hackathon

April 2024 - Present

Girls Who Code McGill

- Strategically leading the organization to prepare the upcoming annual McGill "Girls Who Hack" hackathon to ensure the most successful and engaging event yet.
- Established multiple channels to secure sponsors, arrange prizes, and plan workshops by mobilizing operational, financial and event planning teams and working groups.

Vice President, Website

April 2024 - Present

McGill Diversity in Math

- Managed the club's website and coordinated events to foster inclusivity in mathematics.
- Implemented content on the team website from the marketing team, ensuring alignment with communication strategies.

Mentee

June 2022 - July 2022

Girls Who Code Summer Immersion Program

- Designed and implemented a personal website, Activist Toolkit, and quiz using HTML, CSS, and Javascript.
- Collaborated with peers and presented projects and learnings at conferences with over 200 attendees from sponsor companies.
